## CAREER OBJECTIVE

Graduated in Data Science from the University of Information Technology (VNU), specializing in Data Analytics. I'm eager to join CASK as a Data Analyst Intern to apply technical expertise with strategic thinking, drive digital transformation, support Sales Marketing performance analysis, and grow into a data-driven business professional.

## EDUCATION

**B.Sc. in Data Science** 2021 – 2025

University of Information Technology, VNU

GPA: 3.5/4.0

**Google Business Intelligence** 06/2025 – 09/2025

Coursera (by Google)

Learned data analysis, visualization, and reporting for business decisions.

**Google Advanced Data Analytics** 06/2025 – 10/2025 (expected)

Coursera (by Google)

Studied statistics, predictive modeling, and machine learning for insights.

## SKILLS

- **Programming Languages:** Python (Pandas, NumPy), SQL
- **Data Engineering:** ETL Pipeline, Data Cleaning, Data Visualization
- **Tools:** Power BI, Tableau, Excel, Google Sheets
- **Soft Skills:** Communication, teamwork, problem-solving, leadership
- **Languages:** Vietnamese, English proficiency

## PROJECTS

**Personal Expense Tracker Dashboard (Personal Project)** 09/2025

- Collected and processed personal expense data using Python (pandas, DataFrame) and visualized it with Power BI.
- Developed an interactive dashboard for users to track income and expenses, visualize trends, top spending categories, and KPIs for informed financial decisions.
- **Project Repository:** [GitHub](#).

**Sales Data Analysis for E-commerce Business (Team Project)** 03/2024 – 06/2024

- Collected and cleaned 1,966 e-commerce sales records using Python and KNN, performed EDA with ANOVA, correlation analysis, and visualizations to uncover customer behavior and product demand.
- Lead a 3-member team: delegated tasks, managed progress, contributed to data cleaning and analysis, and presented results to instructors.
- **Project Repository:** [GitHub](#).
